Bounce Logistics™
The *Forward* Thinking Broker

Forward *thinking* **Forward *acting***

We specialize in over-the-road logistics for freight forwarding supply chains

Our team serves some of the largest freight forwarding offices in North America with **TL, expedite, reefer, specialized, flatbed, oversized and partial shipments**. We'll earn your trust through our knowledge of the freight forwarding process and our ability to deliver. It's the edge you need to build your business and bottom line:

- Competitive market-based pricing
- Experienced 24/7 in-office staffing – no automated phone messages or voicemails
- Responsive, constant communication
- Same-day booking and loading possible
- Track-and-trace from booking to verbal or hardcopy POD
- Shipment status updates sent directly to your email
- Online tools: request quotes, monitor shipments, chat with an agent
- All carriers pre-screened and subject to periodic audits

Capacity

A logistics provider is only as good as its carriers, and we're proud to say that Bounce Logistics has cultivated some of the best carrier relationships in the business. That gives us a lot of options – and it gives *you* a lot of advantages.

Whether you have a one-time move or a 25-truck project, we'll make sure we understand your needs before sourcing the best solution.

If you don't see what you're looking for on the reverse side of this sheet, please ask. We can solve almost anything!
